1. Ted, you are My chosen, My beloved, and I come now to lift your head and do all the things that I told you I would do. I love you. I love you so dearly. I love you so dearly as you embrace Me, embrace you I do, even as now as I awaken you. Come and be with Me as I give Myself to you and you give yourself to Me, and unashamedly and unafraid of any ramifications, you speak My words and proclaim Me the Great I Am, the one and only I Am. I am I Am and I love you and I give Myself to you.

2. I am painting the picture, I Am, I have for over a year now, of the way I want to come and talk with My people individually—Me and each individual, one on one, intimately alone, nurturing them, inching them from one degree of separation that keeps us separated into the intimacy that you have known, shared, taken of, embraced, and endured the cross, the suffering and the shame of those who do not understand what I am doing.

3. Unreservedly you embrace My Cross, you agonized at first, but only in trying to make sure that you were writing Me accurately. You went where no man has gone, Ted—shall I say it any clearer—as you laid in bed tonight and inquired of Me, seeking to know My cup, My cup, My cup, fully, and be My cup bearer, My cup revealer, My cup en-shiner, refiner, clarifying My cup to those who My cup carry. I love you.

4. The Cross, the shame, the degradation, the humiliation and all that arises in choosing Me now comes to the forefront of My Covenant. My face is shining Ted, I am radiant when you walk into My arms—this, Ted, is what I am doing and I want to do it with all of My people—My face transfigured, My body transfigured, My life transfigured, your life transfigured in My glory, in My shame not, shame some, but not Mine, and not of Me—moving you forth, gliding, catapulting, soaring into the cockpit (laughter) we climb—astro vehicles of only Me, and those I have Me'd—those who have chosen the route of meekership, one-ship, Me-ship, that I now lay with, My head upon their breast. I love you.

5. Into Me see and see what I am doing, see how I am relationshipping My body. Thank you for being My flesh, My tongue, My mouth and giving Me your members, giving Me your all, no matter what that means, no matter what I do with you.

6. Shall the clay say to the potter I should be thus? You had no idea where I was going with you when I first said that to you, when I first spoke those words with you, as I have done several times, more than once, and will do increasingly through you as you stand and speak My words to My auditoriums, to My arenas filled with people who want

to know Me like you do, and you will, I will, they will, we will, for they survived the circumstances in whatever they find themselves to quest after Me.

7. You will see, they will see, into Me they will see through you and your words and your life—open book before Me, open book before them. They will all see, Ted, and you will be so glad and they will be so glad.

8. The way of the Cross is not easy—shame, degradation, humiliation at times—pain, pain, suffering—the flesh screams, the flesh endures, but My yoke is easy and My burden is light.

9. An eternal life, I am life, I am the bread of life, and you know Me more, you know Me more as you quest into Me even more now, now. Thank you.

10. Thank you for not stagnating and plateau-ing and being content just to be rich in mining what I have given to you, even in the past.

11. Now more, more, exponentially exponentiating My exponentizable: I have used that phrase before and I will use it again. I will arise, I will come, I will conquer all doubt for those who truly want Me and will pay the price—shame, degradation, humiliation and death.

12. Death Ted, there is death before there is resurrection and you embraced My death, you embraced My life and you sought Me, you sought Me at the foot of My Cross until you stood at the foot of your cross, and you chose. You chose well. You chose to forfeit life-thought for My life, true life, abundant life, going into Me and My Cross, and you hung there. Now, Ted, I thank you. You died, you died willingly, willfully, not scratching and screaming and clawing, but meekly before Me day after day, on your knees, on your face, crying out to Me—decision after decision that led you to Me, and into hallways and conversations where others chided you as being irresponsible, having no clue to the identity that you were forging in Me, becoming Me, and leading brigades, battalions, armies, fortresses buttressing My Kingdom now, My Kingdom on earth, The Kingdom of Heaven, Me, My Kingdom on earth now today. Yes, you.

13. You lead out of your humility, you lead out of the price you paid. I received you into Me. You embraced the Cross, Ted, you embraced Me fully. You embraced who I was, what I did, the fellowship of My sufferings—so now the power of My resurrection comes and arises you into embrace now what I am doing, and what I am doing now at light speed, permeating all, pulverizing some, pummeling others, waiting patiently in front of many, waiting, waiting, but moving in awe and moving across My earth, My planetary systems, and political prowess now give way to My inner desires. I love you.

14. Into Me see and see how I have longed for this moment. See how I have longed to eat Passover with you where I take My bread and cup and you, you take My bread and

My cup, for you are My body surrendered, and cross via the Cross, into Me, to see Me fully, to hear Me daily, to know My thoughts and receive Me, to eat of Me, to be fed of Me, to be clothed of Me, to be reigned now in honor and glory, being Me'd to all My earth. I love you.

15. In to Me see, and see the multitudes come forth—all Me, Ted, all Mine—not you, not your glory, not your people—My people, My glory, My timing—your price paid, all by My blood. My choice is made available to you that you made, you chose well. You are a chooser of My choosing, very good. I love you and I thank you. I give you Me.

16. In to Me see: the cells, the formulas, the patents of only Me. I love you. River comes. Rivers come. Rivers of water, living water, life, and the secrets therein, truly the gates of brass, the bars of iron, are now cut asunder before you, and you walk in to Kingdoms unhindered, following Me, being Me. I love you. I love you and I give you Me.

17. Honoring My Kingdom you are, you do, My body, you will, you are increasingly. I love you.

18. Thank you for being unafraid to put your hand in Mine and let Me take you where ever I want to take you. I love you.

19. Will I give you a stone if you ask for a fish? Nay! How much more, Ted, remember, yes, how much more, how much more I have for My beloveds. I love you.

20. Intimacy, intimacy, intimacy with Me alone, teaching what intimacy is. Thank you.

21. I forestall now the shadows which would seek to keep you in shadows and on back rows as I enlighten and I bring the powerful forth to help you emanate My radiance—people unafraid of shame, unashamed of rebuke, people who have sought My judgment, like you, now come alongside to embrace, buttress, and foundation make, and arise, now, today, those strong who in My presence have wept, interceded, given themselves to Me unreservedly—I bring, I come, I share, I relationship, I release you all to work together in great unison, one-languaged—Me, one'd by Me, for Me, one. Thank you. I love you.

22. Head be, one be, Me be. Thank you. Leadership comes, leadership arises to arise My leadership now, today, now, today, now, now, your day today, choices made, life surrendered, shame endured, crossing into Me, Cross endured, resurrecting into life's dimension of dimensionless-ness in Me, only Me. Interplanetary, see. I love you.

23. Why should I wait, all is ready. Into My arms, in My arms, you all are.

Forward march. Thank you.

24. They rumble, the armies rumble, the roar increases, battle cries are heard, wounded are coming, crying, saying "we know there is more and you know the way," and your leadership, your staffs of only Me, guide you to guide them to heal, to arise, to resurrect, so that they are fully in My design, raising generals themselves, arising in the flow of My River of Life, rafting not, (laughter) surfing not, but in vehicles royal, royally doing, being My Royalty. I love you. I give you Me.

25. In to Me see, daily now, daily, nightly, speaking what I envision into you, arising My faithful. I love you. Me'd, Me-ing My Mine. Thank you.

26. The design is clear—your Master, My Master, our Friend, our King, our Father, your Father—one.

27. Many peoples come. Protect our time, priority I must be. See Me My love, see Me. Let not your heart be torn from Me in the tussle, the turmoil, the tumultuous cries of opportunity, please let not them be heard over Me.

Hear My voice and feel My touch and protect your time with Me. I am jealous, I am protective, I am Me. You are Me and let us be one continuously. I love you. I give you Me.

28. In to My arms you now flow, you flow, you flow strengthened, strengthening many. Thank you. In to Me, intercourse of Spirit, purity of un-purity, righteousness altogether, nothing foul, only sacred—Me, you—one.

29. On your knees more, into My arms more, more time with Me, today, like today, so sweet, so precious, unrushed, so enjoyable, languishing not for love's emotions, but immersed in peace—tranquility, in exchange of hearts. I love you.

30. I give you Me now, arise. Stages, arenas, auditoriums and people, some will look back and say "how can this be?" You chose Me, I chose you, you paid the price, you paid the price that I asked of you. I ask others whatever I ask them, that's up to Me, for **purity must come forth**. Burnished bronze that can stand the fire must come forth to lead, lead My generals—the ones that won't melt with adversity, or sag with shame, or sorrowful be when monetary misunderstandings come, many not realizing the economy of My Kingdom.

31. Cataclysmic forces now clash, the swords, the tanks, the bullets graze, waves sound devices of only Me. Arise to broadcast Me into the hearts of My Mine. I love you. Cellular towers that transcend cellular towers. I love you. Towers of only Me. Towers, Ted, many towers. I love you so much more, you will see Me so much more, feel Me so much more, and silent I will not be ever. Thank you.

32. I come, I call, I presented, you shared, you gave, we one together now. Thank you.

33. Meekership, Me-ship, after one-ship, to leadership be. Thank you.

34. Teach, train, accelerate, blasted off you are, moving, accelerated, jettisoned, propulsion'd, propelling Me by only Me. Thank you.

35. Cards, gifts come thanking you for what you did, choices made, and now what I do with you to do with My body: to heal, to touch, to honor, to arise, to defer, to meekness, to place eye salve on, opening up their eyes to only Me: healing, healing, healing. Thank you. I love you.

36. Rest in Me. Rest assured, insured by My word, My presence, My resurrection power flowing, healing, now, today. Thank you.

Amen.

My lover, My Friend,

Amen.
